

103.R1 LONG-RANGE NEEDS ASSESSMENT

School districts also need to develop a process for long-range needs assessment. The process needs to include three items.

- provisions for collecting, analyzing and reporting information derived from local, state and national sources;
- provisions for reviewing information acquired on the following:
 - state indicators and other locally determined indicators,
 - locally established student learning goals,
 - specific data collection required by state and federal programs;
- provisions for collecting and analyzing assessment data on the following:
 - state indicators,
 - locally determined indicators,
 - locally established student learning goals.

Note: The long-range needs assessment process is mandatory but it does not need to be an administrative regulation supporting the long-range needs assessment policy. It is, however, recommended that it become an administrative regulation to support the policy to ensure completeness and consistency.
