

MEAL CHARGES

In accordance with state and federal law, the Washington Community School District adopts the following policy to ensure school district employees, families, and students have a shared understanding of expectations regarding meal charges. The policy seeks to allow students to receive the nutrition they need to stay focused during the school day, prevent the overt identification of students with insufficient funds to pay for school meals, and maintain the financial integrity of the nonprofit school nutrition program.

Payment of Meals: Students have use of a meal account. When the balance reaches \$0.00 a student may charge no more than five (5) meals to this account. When an account reaches this limit, a student shall not be allowed to charge further meals or a la carte items until the negative account balance is paid. Money may be added to lunch accounts in the following ways: PaySchool, which is online via www.washington.k12.ia.us or bring money to school.

Students who qualify for free meals shall never be denied a reimbursable meal, even if they have accrued a negative balance from previous purchases. Students with outstanding meal charge debt shall be allowed to purchase a meal if the student pays for the meal when it is received.

Employees may use a charge account for meals. When an account reaches \$0.00, an employee shall not be allowed to charge further meals.

Negative Account Balances

The school district will make reasonable efforts to notify families when meal account balances are low. Additionally, the school district will make reasonable efforts to collect unpaid meal charges classified as delinquent debt. The school district will coordinate communications with families to resolve the matter of unpaid charges. Families will be notified of an outstanding negative balance once a negative balance is reached. Families will be notified by preferred method of an email on file with the district, or note sent home with the student. Families can sign up to receive low account balance notifications. Negative balances not paid prior to the last day of the school year will be turned over to the superintendent or superintendent's designee for collection. Options may include: collection agencies, small claims court, or any other legal method permitted by law. Payment plans may be available by contacting Central Office during business hours. 319-653-6543.

Communication of the Policy

The policy and supporting information regarding meal charges shall be provided in writing to:

- All households at or before the start of each school year;
- Students and families who transfer into the district, at time of transfer; and
- All staff responsible for enforcing any aspect of the policy.

Records of how and when the policy and supporting information was communicated to households and staff will be retained.

The superintendent may develop an administrative process to implement this policy.

NOTE: The Iowa Department of Education has tools and resources available to help districts with the school nutrition program and meal charge policy implementation and review. Please visit the "[School Meals](#)" section of the Iowa Department of Education's website.

NOTE: School districts must follow appropriate debt collection practices when trying to recover unpaid meal charges.
