

All high school students will be able to view 2012-2013 class schedules online toward the end of June, after the Student Management System (Powerschool) is rolled over to 2012-2013. It is mandatory for all high school students to attend Orientation/1:1 Rollout in August, and students will be given a copy of their schedule there. (Schedules could change slightly between June and August as we continue to balance class numbers.)
