

Thank you to Roger Buckingham & Monsanto for the recent \$2500 donation to WHS Music Department! This was made possible with support from one of the Monsanto Funds: America's Farmers Grow Communities SM where farmers across the U.S. are giving back to rural communities. This fund gives farmers the chance to win \$2,500 for their favorite non-profit community organization. The program provides the Monsanto Fund with the opportunity to support organizations that are important to farmers and rural communities. Winners are randomly selected by the Monsanto Fund annually, and one winner is drawn in each eligible county. The Monsanto Fund launched the program nationally in 2011 to 1,204 counties and again in 2012 to 1,245 counties. This year, the Monsanto Fund expects to contribute more than \$7.3 million in 1,271 counties across 39 states. Thank you MONSANTO!
