

During American Education Week, the staff and students donated money to buy turkey meals for families in our school district. This year we were able to raise enough money for 185 meals. Each meal cost \$17. The meal included a turkey roll, potatoes, gravy, dressing, cranberries, carrots, lettuce, sweet potatoes, rolls, 3 cans of vegetables, dessert and apples. We have been doing this for seven years and each year the number of meals that are able to deliver increases. Thank you to everyone that helped take part in this worthy program!
