

The WHS Archery Team attended the State Competition on March 2. The ENTIRE team made the all state team! They had to achieve a certain score during the regular season, then qualify for state and shoot at the state meet. As a team they placed 13th. Ryan W finished 15th in the high school boys competition (284 pts out of 300 with 172 competitors). Jade W finished 33rd in the high school girls competition (264 pts out of 300 with 123 competitors). What a great start to a new program at WHS! Congratulations!
