

Thank you to everyone that helped out & participated in the 2nd Annual Dodgeball Tournament held at the Washington High School on March 16. It was a great success! This charitable event was sponsored by the WHS National Honor Society. This years profit of \$281 will go toward organ donation. Our tournament this year was a tribute to two very special high school employees who were organ donors- Erin Kalb & Dorothy Schultz; as well as recognition to everyone who has donated or received organs. We had 17 teams play against each other using a double elimination bracket. The Middle School & High School were both well represented by teams. Certificates were awarded to the 1st, 2nd & 3rd place winners from both the Middle School & High School. Thank you everyone for your support!
