

At the end of the school year, the 6th graders from Washington Middle School visited Lake Belva Deer for their annual Adventure Day. The day introduced students to outdoor lifelong activities--- no electronics were allowed on this field trip! Students could go fishing, canoeing/ kayaking, create an ink print book using leaves, climb a portable rock wall, ride bikes, participate in team building exercises, go on a nature hike, or release their inner musical beast in a drum circle. Students cooked their own hot dogs & s'mores over campfires for part of their lunch. We would like to thank the approximately 45 volunteers that helped make this day a success!
