

The week of April 10 thru 16th is the Week of the Young Child and to help celebrate this week, 16 Washington Middle School Band students performed and interacted with pre-school and Kindergarten students from St. James school on Monday, April 11th. Students demonstrated their instruments, played through selections from Large Group Contest (Arabian Dances) and Marching Band (I Want To Hold Your Hand). After the performance, they broke into groups and let the students ask questions, hold instruments, push keys and buttons and play some percussion instruments. It was a great opportunity for all students involved.
