

Builders Club will be selling "Homemade" suckers at the Farmers Market on June 6th from 5-7:30pm. Proceeds will go to help with medical expenses for Westyn Fisher. Westyn, the 2 year old son of Adam (class of '01) and Tessa Fisher, is currently undergoing treatment for a rare lung cancer at the University of Iowa Stead Family Children's Hospital. He's only the second to be diagnosed with this rare cancer at the University. He will have 36 weeks of chemotherapy. Please come out and support your WMS Builders Club and get a sweet treat!

(WMS students have been buying suckers at lunch and have already raised over \$680!)
