

Creative Genius Wanted! Camp Invention at Lincoln Elementary School needs your help in designing an amusement park this summer. Imagination Point needs a new roller coaster and lots of other exciting rides! You'll also get to use real tools to take apart a mechanical device and work as a team to create a new invention! Then, you'll have to figure out how to survive when your spaceship crash-lands on an alien planet!

You'll find more fun things to do at Camp Invention. Camp will be held on June 6 - 10th from 9:00 AM to 3:30 PM and will be presented by local teachers for girls and boys entering grades 1 - 6. The Grant Wood AEA, Van Allen Science Teaching Center and WCSD offer this national, non-profit science and creativity enrichment program in collaboration with Invent Now Kids and the United State Patent and Trademark Office.

Register by March 30th or with a friend and save \$25.00! For more information, call 800-968-4332, or go to www.campinvention.org, or contact camp directors Nancy Clawson and Julie Timmins.
