

There was a big surprise for the students when they had lunch a few weeks ago. Principal Mrs. Harris was there with a big smile helping to serve lunch. The main dish was chili and with only three staff working in the kitchen she pitched in to help with the 4 lunch shifts. (k- 3). In between shifts, she walked around the lunch room as the students ate to mingle with the students. One student asked her if she was the new "Chef". It was a fun day!
