

The Stewart School Gymnasium received quite the face lift this summer. The project is about half complete. So far, the gym has received a fresh coat of paint from ceiling to floor and sound absorbers to help with the lunchroom noise. We recently received our new basketball hoops which will be installed soon. We also will be receiving window blinds.

This project was made possible through the hard work of our Stewart Boosters and the Washington County Riverboat Foundation. We can't thank both groups enough for such a generous donation of time and funds.
