

Parents,

Washington Schools has upgraded to a new parent portal for Powerschool called Unified Classroom. Parents will now access student grades, attendance, and e-registration through this new portal. We will enable this new login on Thursday, May 30, 2019 at 8:00 AM. After this switch, you will need to create a new username and password, and link your old Powerschool account to your new login.

We are including a link to step-by-step directions for completing this process. You will need your existing username and password you use to access Powerschool to complete the process. If you are unsure of this information, you can contact your student's school and they can reset this password for you. https://docs.google.com/document/d/1C3MsamGrdiQXrspl4vdQiKuGBSjTKTXpZQQAT_eX3hE/edit#
